Astral Pumps

Sena - Self Priming

1800 Series - Single Voltage 115Volts

The 1800 series Sena pumps provide high flow performance for both the in-ground and above ground market. The pumps come pre-wired for 115 volt for easy plug in use. Units also features 1 1/2" PVC threaded unions for hoses adapters. Manufactured of high impact, heat resistant fiberglass filled polymers; this self-priming pump is very quiet and easy to service. The 1800 series Sena pumps are available in 3/4, 1, and 1.5 HP with single or dual speed 115 volt motors.

- Pre-wired with 3' cord for 115 volt easy plug installation.
- Glass reinforced body for long life and maximum durability.
- Strainer has clear lid with lock ring closure for easy access.
- Self-priming for In-ground or above ground pools.
- Easy service design gives access to all internal components.
- All Stainless nuts and bolts.
- Stainless steel motor shaft.
- 1 1/2" PVC threaded unions for easy installation and service.
- NORYL impeller.
- Motor Shroud and on/off switch on "SEC" models.

- COMPLETE
WITH 115 VOLT
CORD

- SELF PRIMING

Magnum Force

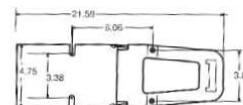

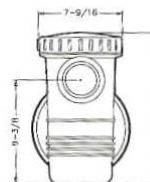

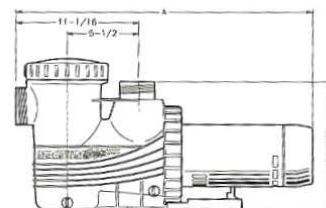

Features

- Patented air-cooled heat sink allows pump to run dry without damage to shaft seal. **UNCONDITIONAL TWO-YEAR WARRANTY AGAINST SEAL FAILURE.**
- Exclusive dual Ring-Lok™ design gives "tool free" access to strainer basket and pump internals.
- 208 cu. in. heavy-duty strainer basket with exclusive priming tube for superior priming capabilities.
 - Exclusive flap prevents debris in the pump strainer, skimmer basket and filter from flowing back into the pool. The flap also prevents residual hot water in the heater from flowing into filter and causing damage to grids, valves, gaskets, etc.
- Internal ribs in large strainer basket assure flow, even when filled with leaves and debris.
- One-piece case eliminates bolts and gaskets and provides for quiet operation.
- Flexible connections - 2" FNPT or 2" unions (included).
- Floating eye seal between closed impeller and diffuser maximizes efficiency.
- Maximum water temperature 104° F.
- Energy saver motors (1/2 hp - 3 hp) are standard on single speed units.

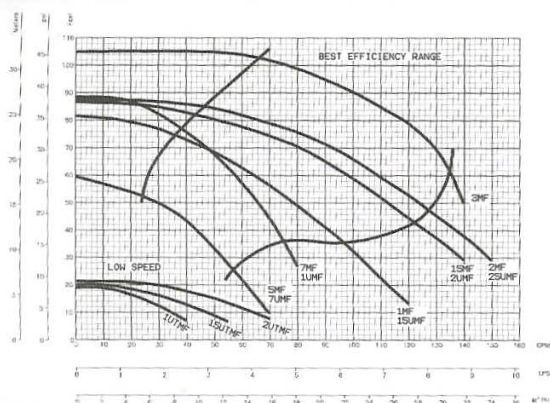

2" Unions included.

Waterway Pumps

Waterway takes pride in introducing its new flagship in-ground premium pump in a class of its own. The extraordinary quietness of the SVL56 moves us nearer to the goal of silent operation, and it provides by far the best vertical lift. A true 56 frame motor ensures long life and uninterrupted power. Attention to detail is evident in the design of this all-new pump. Designed for easy serviceability and installation, the pump accepts either 2" or 2 1/2" plumbing connections and features dual bearings for cooler operating temperature. This pump will provide years of trouble-free performance. Compare this special promotional price with that of "Northstar".

FEATURES

- Quiet operation.
- High efficiency.
- Self-priming.
- Best vertical lift at 24 ft.
- Easy to service.

- True 56 frame motor for cooler running and longer life.
- 2 1/2" union threads x 2" FPT with unions (included).
- Large trap basket with cam-lock lid.
- 60 Hz rating.
